## Labor protection in mining

*Epshtein S.A.*, *Gavrilova D.I.*, *Zavelev I.G.*, *etc.* Application of polymer emulsion in dust emission control during coal haulage ..... 5

*Kravchuk I.L.*,, *Nevolina E.M.*, *Emelin Yu.A.* Economic aspect of production risk management ..... 16

## Geotechnology

*Yegemberdiyev R.I.*, *Volkov Yu.A.* Justification of mining technology and its parameters for thin and steeply dipping ore bodies (lodes) ..... 22

*Zubkov A.A.*, *Kalmykov V.N.*, *Kutlubaev I.M.*, *Naydenova M.S.* Validation of friction-anchored rock bolt characteristics ..... 35

*Potapova E.V.* General problems of geotechnical risk management in terms of construction of vertical shafts in the Moscow subway ..... 44

*Protasov S.I.*, *Mironenko I.A.* Influence of geotechnical conditions on efficiency of hydraulic system for joint treatment of hydraulic fills by jet gun and suction dredge ..... 55

*Sementsov V.V.*, *Ludzish V.S.*, *Prokopenko S.A.* Technology and equipment for boosting coal extraction by room-and-pillar mining ..... 65

*Shkaruba N.A.*, *Kislyakov V.E.*, *Katyshev P.V.* Modeling clay rock jetting with ejection of solid abrasive particles ..... 79

*Sanchaa A.M.*, *Fage A.N.*, *Shemelina O.V.* Application of electrical tomography to detecting aquifers in geological conditions of the eastern Novosibirsk Region ..... 90

## Geomechanics, Rock failure

*Sergunin M.P.*, *Eremenko V.A.* Learning of neural network to predict overlying rock mass displacement parameters by the data on jointing in terms of the Zapolyarny Mine ..... 106

*Voznesenskii A.S.*, *Krasilov M.N.*, *Kutkin Ya.O.*, *Tavostin M.N.* Peculiarities of the impact of consecutive periodic biaxial cyclic loading on the strength and acoustic properties of limestone ..... 117

*Vysotin N.G.*, *Kosyreva M.A.*, *Leyzer V.I.*, *Aksenov Z.V.* Design rationale for engineering multipurpose bench for physical simulation of geomechanical processes in secondary stress fields under conditions of mining with convergent geotechnologies ..... 131

*Lebedev M.O.*, *Egorov G.D.* Geotechnical monitoring in construction of escalator tunnels ..... 146

*Pleshko M.S.*, *Pleshko M.V.*, *Voynov I.V.*, *Kostyukhov A.V.* Stress state analysis of two-way tunnel lining at different stages of soil defrostation ..... 160

*Khloptsov D.G.* Estimated probability of critical conditions in operating open holes of underground gas storages ..... 172

*Cherdantsev S.V.*, *Shlapakov P.A.*, *Filatov Yu.M.* Structure and parameters of shock front in viscous thermoconductive gas–air flow in underground excavation ..... 183

## Mining machinery

*Kuznetsov P.M.*, *Khoroshko L.L.* Digitization of crushing and milling equipment reconditioning ..... 195

*Tauger V.M.*, *Lifanov A.V.*, *Makarov V.N.*, *Makarov N.V.* Mathematical model modification for stress state of high-speed axial fan blades in mining industry ..... 206

## Geoinformatics

*Varlamova S.A.*, *Volodina Yu.I.*, *Zatonskiy A.V.*, *Yazev P.A.* Simulation model for planning mining operations ..... 214

## Energetics and energy efficiency of mining industry

*Lyakhomsky A.V.*, *Fashchilenko V.N.* Development of energy-efficient controlled electromechanical resonance for processes of cutting and shattering of rock massif ..... 223

## Special editions GIAB

*Shkundin S.Z., Belikov D.S.* Investigation of influence of acoustic anemometer channel geometry on measurement accuracy ..... 43

*Team of authors* Problems of development of georesources of the Russian Far East and Asia-Pacific-2 ..... 116

*Eremin G.M.* Features of development of fields of the North-West of Russia by the combined technology ..... 145

*Zaytseva E.V.*, *Agafonov V.V.*, *Oganesyan A.S.*, *Snigirev V.V.* Scientific and methodological basis for the development strategy of mining industries ..... 159

*Kurkutov S.A.*, *Horn E.V.*, *Agafonov V.V.* Methodical maintenance of designing mining enterprise ..... 182

*Mustafin M.G., Zharaspaev M.A.* Redevelopment of ore deposits (on experience of redevelopment of the Zhaman-Aybat field) ..... 213

*Zaitseva E.V., Agafonov V.V.* Scientific and methodological support for the selection and justification of strategies for the development of technological systems of cement production ..... 222

*Dolganov A.V., Frolov S.G., Potapov V.Ya., etc.* Development and operation of mining machinery and equipment in the conditions of mining and processing production ..... 233

*Varygin S.O., Kabirov M.P., Agafonov V.V., etc.* Scientific and methodological support of optimal design of technological systems of mining enterprises ..... 234

## The deposited manuscripts

*Mulemba Fabio Bumba Abel* Prospects of application of valve electric motors in the mining industry ..... 21
