

## CONTENT

### Enrichment of minerals

- Lavrinenko A.A., Golberg G.Yu., Lusinyan O.G.* Gravity dewatering of metallurgical coal flotation tailings using flocculants ..... 5
- Zharolla N.D., Yergeshev A.R., Ignatkina V.A.* Estimation of selectivity of sulfhydryl collectors on a dithiophosphate basis ..... 14

### Geotechnology

- Katsubin A.V., Khoreshok A.A., Tyulenev M.A., Markov S.O.* Technology of advance cutting of sloping and steeply pitching coal seams using hydraulic backhoe excavators ..... 27
- Meshkov A.A., Sadov A.P., Komissarov I.A., etc.* Experimental hydraulic dissociation of Boldyrev seam coal using access boreholes in Kirov mine ..... 37

### Geomechanics, Rock failure

- Rasskazov I.Yu., Fedotova Yu.V., Sydlyar A.V., Potapchuk M.I.* Analysis of induced seismic events in rockburst-hazardous Nikolaevsk deposit ..... 46
- Aynbinder I.I., Ovcharenko O.V.* Geomechanical behavior of deep-level rock mass in Internatsionalny and Mir mines ..... 57
- Nikolenko P.V.* Experimental studies into temperature and pressure effect on the quality and fracture of rock samples ..... 70
- Kucherenko A.V., Filimonov K.A., Zorkov D.V., Tsibaev S.S.* Ground pressure-related phenomena in in-seam roadways in Yalevsky mine ..... 79
- Silchenko Yu.A., Pleshko M.S.* Shaft lining design with regard to sinking technology ..... 96

### Mining industrial geology, Mining geophysics

- Chugaev A.V., Sanfirov I.A., Tomilov K.Yu.* Petrophysical capabilities of crosswell profiling with common depth point ..... 108
- Oshkin R.* Estimation of stress and strain development in limestone samples by acoustic emission response to local thermal effect ..... 118

### Mining machinery

- Dmitrieva V.V., Sizin P.E.* Efficiency of belt conveyor as function of belt speed regulation algorithm ..... 128
- Zhabin A.B., Lavit I.M., Polyakov A.V., Kerimov Z.E.* Mathematical model of piston/bit interaction in percussive destruction of rocks ..... 140

### Geocology

- Potapov V.P., Schastlivtsev E.L., Bykov A.A., Yukina N.I.* Integrated geocological assessment of water bodies in large-scale coal mining areas in Kuzbass ..... 151

## **Energetics and energy efficiency of mining industry**

<b>Ershov M.S., Balitsky V.P., Melik-Shakhnazarova I.A.</b> Rotary table DC drive operation under conditions of unstable rotation of drill bit .....	166
--	-----

### **Special editions MIAB**

<b>Lifar'-Laptev A.A., Syrenov M.O., Yakovlev A.M.</b> Analysis of the increase in productivity of the Kirov mine taking into account Mining opportunities .....	13
<b>Team of authors</b> Efficiency and safety of mine lifting .....	26
<b>Pepelev R.G., Eliseeva A.P.</b> Optimization of underground mining.....	36
<b>Sotnikov R.O., Vilner M.A.</b> Forecast of influence of dynamic rock pressure manifestations on the stability of openings .....	69
<b>Tkhorikov A.I., Sotnikov R.O., Glinskiy V.V.</b> Computer simulation of geomechanical processes for prediction of strain-stress state in field developing of rich iron deposits.....	78
