

## CONTENT

### Geocology

- Mayorova L.P., Cherentsova A.A., Krupskaya L.T., etc.* Assessment of manmade air pollution due to dusting at mine tailings storage facilities ..... 5
- Tarasov P.I., Khazin M.L., Apakashev R.A.* Mining waste recycling in the Ural ..... 21

### Geotechnology

- Bakhaeva S.P., Gur'ev D.V.* Slope stability analysis of pit wall meant for mine infrastructure site..... 32
- Kongar-Syuryun Ch.B., Faradzhev V.V., Tyulyaeva Yu.S., Khayrutdinov A.M.* Effect of activating treatment of halite flotation waste in backfill mixture preparation ..... 43
- Petukhov O.F., Ruziev B.T., Sharafutdinov U.Z.* Recovery of rare earths from uranium leach solutions ..... 58
- Sidorov V.V., Kosolapov A.I.* Required optimization of process flow designs in open pit mining in the Chernogorsky coal field ..... 68

### Mine aerogasdynamics, Mining thermophysics

- Skopintseva O.V., Balovtsev S.V.* Air quality control in coal mines based on gas monitoring statistics..... 78

### Mining industrial geology, Mining geophysics

- Khudenkikh K.O.* A framework guideline for accompanying operational exploration in gypsum mines (a case study of the Sokolino-Sarkaevsk deposit) ..... 90

### Mining machinery

- Mislibayev I.T., Makhmudov A.M., Makhmudov Sh.A.* Theoretical generalization of modes and modeling of performance criteria of cutter-loaders..... 102

### Enrichment of minerals

- Kurilko A.S., Popov V.I.* Modeling heat and mass exchange processes in ore pile in heap leaching under low ambient temperature ..... 111
- Ochosov O.Yu., Matveev A.I.* Use of centrifugal concentration in by-recovery of gold in diamond-bearing sand processing at Almazy Anabara ..... 120
- Chitalov L.S., Lvov V.V.* Comparative assessment of the bond ball mill work index tests..... 130

### Theoretical bases of designing of mining-technical systems

- Turtygina N.A.* Simulation of intermixing in ore drawing process..... 146

### Geoinformatics

- Kuczyńska G., Stawska M.* Modern applications of terrestrial laser scanning..... 160

### **Safety in emergency**

<b>Akbarov T.G., Israilov M.A., Makhmudov D.R.</b> Analysis and prevention of spontaneous combustion of Angren coal.....	170
--	-----

### **Special editions MIAB**

<b>Team of authors</b> Problems of improving the safety and efficiency of underground mining of coal deposits.....	77
--	----

<b>Team of authors</b> Improving the technology of design and management of mining operations based on modern intelligent technical, software and hardware complexes .....	89
--	----

### **The deposited manuscripts**

<b>Safarov Z.Z.</b> Analysis of measures to improve the quality of electricity when operating electric drives with semiconductor converters.....	31
--	----
