

CONTENT

Geotechnology

<i>Khrunina N.P., Cheban A.Y.</i> Improvement of processing of gold ore from a poly-mineral deposit in the Russian Far East.....	5
<i>Kolontayevskiy E.V., Mishedchenko A.A., Kuzina A.V.</i> Impervious seal of mixed-type cast-and-concrete lining.....	14
<i>Raimjanov B.R., Khasanov A.R., Farmanov O.E.</i> Analysis of geodynamic behavior of rock mass for the purpose of rock burst prediction	29
<i>Yakubovskiy M.M., Mikhailova E.A., Bazhukov A.A.</i> Reasons of efficiency of surface miners in selective coal cutting under low temperatures	42

Geoecology

<i>Glushankova I.S., Bessonova E.N., Blinov S.M., etc.</i> Removal of nitrogen compounds from mine process water using redox barriers	58
---	----

Safety in emergency

<i>Rodionov V.A., Tsygankov V.D., Zhikharev S.Ya., Kormshchikov D.S.</i> Research procedure for coal dust aerodynamics in long roadways.....	69
<i>Maksimov D.A.</i> Dynamics of deformation and seepage in rockfill hydrotechnical facility by visual monitoring data	80

Geomechanics, Rock failure

<i>Semenova I.E., Avetisian I.M.</i> Validation of safe underground ore mining with regard to large tectonic faults.....	90
<i>Averin A.P., Belousov F.S., Pashichev B.N., Trofimov V.A.</i> Gas flow patterns in rock samples	100
<i>Golik V.I.</i> Effect of properties of solids on grinding energy in mills	112
<i>Kalyuzhny A.S.</i> Analysis of 2D and 3D estimates of pit wall stability.....	123

Markshading, Geometry of subsoil

<i>Gusev V.N., Puporevich A.A.</i> Improving accuracy of navigation using gyroscopes with regard to gyro drift and azimuth error	134
--	-----

Enrichment of minerals

<i>Osipova N.V.</i> Selecting parameters of feed control algorithm for wet autogenous mill for grinding iron ore	146
--	-----

Labor protection in mining

<i>Lonskiy O.V., Golikova O.V.</i> Safety of mining with rope meshes nearby sinkholes.....	157
<i>Rudakov M.L., Duka N.E.</i> Modeling acoustic effect exerted on personnel by operating equipment in underground coal mining.....	165

Special editions MIAB

Marinin S.D., Goryainova Yu.A., Kalacharov I.M. Chemical methods of graphite and coal oxidationm133

Iakupov D.R., Motyakov N.Yu., Ivanova P.V., Ivanov S.L. Working parts of means of minerals excavation145
