

CONTENT

Geomechanics, Rock failure

- Baryakh A.A., Tenison L.O., Samodelkina N.A.** Assessment of horizontal deformations in undermined areas 5
- Vysotin N.G., Khazhyylai Ch.V., Kosyreva M.A., Shermatova S.S.** Triaxial compression test procedure and data obtained on physical models of frame and honeycomb mine structures 19
- Leizer V.I., Yanbekov A.M., Umarov A.R., Vishnyakova K.M.** Strength and deformation characteristics of high-accurate 3D printed physical models of honeycomb mine structures 28

Geotechnology

- Shkaruba N.A., Kislyakov V.E., Nikolaeva N.V., etc.** Rock jetting performance with solid particles of different sizes in hydraulic monitor jet 37
- Vorotyntseva I.A., Smirnov P.A., Danilchenko A.L., Yakubov M.M.** Interpretation of geological data at the stage of gold ore deposit exploration 45

Enrichment of minerals

- Antropova I.G., Gulyashinov P.A., Merinov A.A.** Roasting of lead and zinc sulfide ore in water vapor 56
- Lavrinenko A.A., Golberg G.Yu., Shrader E.A., etc.** Talcum particle–air bubble attachment in the presence of carboxymethyl cellulose depressant 68
- Matveeva T.N., Chanturiya V.A., Getman V.V., etc.** Application of composite reagent for flotation of target minerals in bulk copper–molybdenum concentrate 80
- Nikitina I.V., Taran A.E., Perunkova T.N., Mitrofanova G.V.** Stimulation of flotation of rebellious apatite–nepheline ore with selective collecting agents 95
- Solov'ev T.M., Burenina O.N., Zarovnjaev B.N., Nikolaeva L.A.** Temperature effect on adhesive capacity of wood and lignite in briquetting 109

Mine aerogas dynamics, Mining thermophysics

- Bosikov I.I., Klyuev R.V., Azhmukhamedov I.M., Revazov V.Ch.** Statistical dynamics-based estimation of ventilation control in coal mines 123

Geoecology

- Abramov B.N.** Toxicity assessment of mine tailings ponds in Transbaikalia 136
- Shakirov T.R., Vafina M.S., Nazharova L.N.** Processes and velocity of dissolution of Permian-age sylvinites in the Ural region 146

Mining industrial geology, Mining geophysics

- Nikolenko P.V., Shkuratnik V.L., Chepur M.D.** Sensitization of ultrasonic stress control in rock mass by heating 159

Mining machinery

- Linnik Yu.N., Linnik V.Yu., Zhabin A.B., Zich A.** Patterns of influence exerted by cutting drum reliability and coal seam properties on cutter–loader capacity 169

Special editions MIAB

- Turbor I.A., Turuk Yu.V., Shurygin D.N.** Investigation of influence of changes in distance from bottom to overlap of support section on the stability of rocks of immediate roof 36
- Dmitrak Yu.V., Anishenko V.I.** Some research issues of rack-and-pinion drilling rigs for drilling inclined and horizontal wells 67
