

CONTENT

Geomechanics, Rock failure

Babello V.A., Beydin A.V., Oveshnikov Yu.M. Determination of strength of dams and stockpiles: Concept and approaches	5
---	---

Mine aerogas dynamics, Mining thermophysics

Zakharov V.N., Trofimov V.A., Filippov Yu.A., Shlyapin A.V. About degassing of coal-rocks massif in the roof of coal seam being worked out.....	20
Seregin A.S., Fazylov I.R., Prokhorova E.A. Justification of safe operating conditions for mining transportation machines powered by internal combustion engines using air pollutant emission criterion	37

Geoecology

Maksimovich N.G., Khmurchik V.T., Berezina O.A. Forms of transfer of microelements in river network and their distribution in bottom sediments in coal mining regions	52
--	----

Mining machinery

Nasonov M.Yu., Iungmeister D.A., Do Duc Trong Endurance evaluation of metal structures containing cracks in mining shovel EKG-10.....	67
--	----

Energetics and energy efficiency of mining industry

Dmitrieva V.V., Sobyenin A.A., Sizin P.E. Modeling of various modes of belt conveyor braking.....	80
Minakova T.E., Malarev V.I., Korzhev A.A. Method to identify operating regimes of asynchronous drivers by subharmonic parameters in mining	96

INDUSTRIAL AND ENVIRONMENTAL SAFETY

Geoecology

Manevich P.P., Kolikov K.S. Justification of assessment method of adverse impact exerted by open pit coal mine on green cover vegetation activity using Earth Remote Sensing data.....	109
---	-----

Mine aerogas dynamics, Mining thermophysics

Slastunov S.V., Sadov A.P., Khautiev A.M.-B., Komissarov I.A. The results of testing the technology of hydraulic fracturing of the coal seam through wells from the surface at the Kirov mine.....	121
Shayakhmetov R.T., Atygaev R.K., Filimonov E.N., Stelmakhov A.A. Gas drainage design for extraction areas in highly gassy and outburst-hazardous coal seams in Karaganda Basin.....	133

Safety in emergency

Kobylkin S.S., Kaledina N.O., Kobylkin A.S. Modeling wind and air temperature effect on propagation of smoke and toxic gases during fire on metro bridge	147
Batugin A.S., Hotchenkov E.V., Divakov D.V., etc. Gas chemistry research at boundaries of crust blocks in the south of Moscow Region	163

Mine aerogas dynamics, Mining thermophysics

Malashkina V.A. Design and operation features of gas drainage pipelines made of different materials.....	173
---	-----
