

CONTENT

Mine aerogasdynamics, Mining thermophysics

<i>Parshakov O.S., Zaitsev A.V., Nesterov E.A., Andreyko S.S.</i> Integrated research of gas environment in mines	5
---	---

Enrichment of minerals

<i>Kuzin E.N., Mokrushin I.G., Kruchinina N.E.</i> Thermal treatment of quartz–leucoxene concentrate	30
--	----

<i>Shadrunova I.V., Kolodezhna E.V., Gorlova O.E.</i> Dry processing technology for fluorite ore	43
--	----

Mining industrial geology, Mining geophysics

<i>Azarov A.V., Serdyukov A.S.</i> Software package for data processing in microseismic monitoring in mineral mining	58
--	----

<i>Prigara A.M., Gribkov D.S., Aptukov V.N., etc.</i> Erosion channels in salt – Seismic surveying and geomechanical substantiation	72
---	----

<i>Bashkuev Yu.B., Buyanova D.G.</i> Electrical properties of Konkudero-Mamakan highlands in long radio wave range	86
--	----

Geotechnology

<i>Akbarov T.G., Urazov J.D., Nishanov A.Sh., Nishanov D.K.</i> Mining of structurally complex lodes at Kochbulak fold deposit: Experience and prospects	97
--	----

<i>Alikulov Sh.Sh., Ibragimov R.R., Khamidov R.A.</i> Stimulation of in situ uranium leaching from low permeable ore in treatment by different physical methods	111
---	-----

<i>Burakov A.M.</i> An umbrella approach to volume minimization in gold sand washing	127
--	-----

Technosphere safety in mining industry

<i>Balovtsev S.V., Skopintseva O.V.</i> Science-based technological solutions for aerological risks reducing in operating and designing coal mines	139
--	-----

<i>Slastunov S.V., Kolikov K.S., Sadov A.P., etc.</i> Safe and high-rate mining of gas-bearing coal with integrated preparative degassing	152
---	-----

Production organization and management in mining

<i>Konyukhov D.S.</i> A system of integrated planning for the implementation strategy of urban underground space development technologies	167
---	-----
