

CONTENT

Enrichment of minerals

- Nikitina Yu. N., Dvoichenkova G. P., Timofeev A. S., Podkamenny Yu. A.* Pilot-scale magnetic separation as a method of inter-circuit concentration of dense medium separation products at Nyurba diamond placers5
- Matveev A. I., Petrov I. M., Grishaev S. I.* About the possibility and prospects of creating a rare metals cluster in the Republic of Sakha (Yakutia), taken into account of studying the world and russian market21
- Chylbak-ool E. D., Konyukhov Yu. V., Dmitrakova U. V., Nikolaev A. A., Sizova A. S.* Improving the filtration efficiency of iron ore concentrates with low SiO₂ content using flocculants37

Geoecology

- Bessonova E. N., Glushankova I. S.* Removal of manganese and nickel ions from open pit mine waste water using reactive iron-carbon barrier48
- Stebeleva O. P., Vshivkova O. A., Pyanykh T. A., Moiseenko E. T., Odintsov R. V.* Production of carbon-based fillers toward concrete strengthening61

Mining industrial geology, Mining geophysics

- Billy N. Cissoko, Kotelnikov A. E., Moises B. E. Romero* Geology and petrography of the Limbiko Bauxite Deposit, Republic of Guinea83

Markshading, Geometry of subsoil

- Novozhenin S. Yu., Ilyukhin D. A., Fedorov T. S., Volkova J. A.* Analysis of remote imaging of pitwall using interferometric radar technique97

Theoretical bases of designing of mining-technical systems

- Zhuravlev A. G., Glebov I. A.* Rational number of in-pit dump trucks in simulation modeling with partial optimization by secondary factors112
- Talanin V. V., Kazakov V. A., Bekher V. G.* Distance optimization in overburden haulage by dump trucks using mining and geological information systems124

Geoinformatics

- Konurin A. I., Orlov D. V.* Integrated approach to mine seismicity prediction: Integration of time series and neural networks140
- Matsko N. A., Kharitonova M. Yu.* Effect of digitalization on performance of the mining industry153

Technosphere safety in mining industry

- Semeykin A. Y., Tomarovshchenko O. N., Petrova V. A., Tyupin D. M., Edamenko A. S.* Risk factors and causes of occupational injuries in construction-assembly works in mining167
